NOTE

This document has been reformatted into columnar style and represents the following documents:

Fire Service Standards
Live Fire Training
Burn Regulations
Ambulance Regulations

All duly promulgated and adopted by the State Fire Prevention Commission.

This solid line indicates changes made to the Part IX, Fire Service Standards January 19, 1993 Regulations effective on July 16, 1996.

This double line indicates changes made to the Part IX, Fire Service Standards January 19, 1993 Regulations effective on October 11, 2008.

This single line indicates changes made to the Part X, Ambulance Service Regulations of the Regulations dated June 11, 2004. These Regulations are effective February 11, 2008.

It is possible that a line may have been omitted or misplaced in error. Therefore, you should closely review this new document against the previous Regulations.
